

PLMU CROSS REFERENCE TABLE

The PLMU11 Series is a stock EQUAL TO or suitable replacement for the manufactures part numbers as listed above. For variations in specifications which may or may not be critical in the application, please consult the factory toll free 800-377-SSAC (7722). All manufacturers reserve the right to make design and/or specification changes to their products without prior notice. IT IS THE USERS RESPONSIBILITY to determine if the replacement part number meets or exceeds the original part number in the application.
